Based on the 207 SW Sport, the Outdoor brings a visual outside look to the range through the increased ground clearance (raised by 16 mm at the front and 21 mm at the rear), fitment of new 16" alloy wheels with special 205/55R tires and large grey wheel arch extensions / sill moldings. It has an overall length of 4156 mm, 119 mm longer than the 207 hatch and an increased height of 1555 mm, 28 mm more than the 207 SW Sport. -Continued after the jump
The 207 SW Outdoor will be available with three engine options, two HDi diesels, 1.6 liter 90 BHP and 1.6 liter 110 BHP with a diesel particle filter system (DPFS) and one petrol engine, a 1.6 liter VTi 120 BHP engine. All the engines will be fitted with a manual five speed gearbox.
